

Quarterly Activities Report for the period to 30 June 2015

Highlights

- Yowie confectionery product to rollout nationally across the US into approximately 4300 Walmart stores from August 2015
- Successful completion of a small, twelve store trial in a Tier 1 grocery retail account in Dubai, Middle East
- Commencement of quotation of Yowie American Depository Receipts ("ADRs") on the OTC platform in the US

Sales & Marketing

During the quarter:

- Announced that the Yowie confectionery product will rollout nationally across the U.S. into approximately 4300 Walmart stores from August 2015.

The national launch across the entire network of Walmart stores is a direct result of a consistent Yowie sales performance that began with a 50 store trial in Texas during September 2014 extending in March 2015 to a rollout across 1500 Walmart stores. The time from the 50 store trial to the complete national rollout of only 11 months confirms Walmart's high expectation for the Yowie product.

Yowie ranging across all Walmart stores will be in prime in-store location for an impulse purchase on "assisted" and "self" check-out stands across all 4300 stores, but may vary by store. The expanded point of sale to the self check-out lanes will give the product additional front-end exposure for impulse purchases.

- Announced the successful completion of a small, twelve store trial in a Tier 1 grocery retail account in Dubai, Middle East. The twelve trial stores are part of a major international supermarket chain.

In all stores benchmark targets were exceeded within the required time frame. Consumer response has been positive and consistent with other markets where

the product is being sold, trialed or research has been undertaken. Pricing was in line with the US market taking into account currency exchange.

Next steps will involve expansion of the trial across more stores and trade channels, over a longer period. The details of the next stage trial are being determined.

The Middle East is emerging as one of the fastest growing chocolate markets across the globe. The market is said to be set for a compound annual growth rate of 6.09% from 2014 to 2019. The global chocolate market is expected to grow at just 2.3 % over the same period. (Confectionery News, September 9, 2014).

This early result in the Middle East is viewed by the Company as a promising outcome on which to build a consistently strong performance. The Middle East trial is part of planned progress aligned to the Company's mission to build a successful global brand company.

The Yowie confectionery product continues to make steady progress across a broad range of trade channels, including:

- **Mass Merchandiser:** Walmart from successful trial to national rollout
- **Drug:** Tier 1 pharmaceutical retailer
- **Fuel & Convenience:** 2 national groups
- **Grocery:** Safeway national rollout in progress
- **General Retail:** Cost Plus World Market
- **Distributors:** 6 Distributors delivering coverage across 49 US States
- **Specialist Candy:** Including Dylan's Candy Bars
- **Leisure & Entertainment:** Zoos and Resorts
- **Also Selling On Line:** It's Sugar & Cost Plus World Market

Building a strong, focused sales and distribution network in the US market and servicing all accounts to the optimum remains the No 1 priority for the Company in the US market.

Subsequent to quarter end, Yowie launched a partnership project with the American Association of Zoos and Aquariums (AZA) inaugural AZA SAFE: Saving Animals From Extinction (SAFE) initiative. Founded in 1924, AZA is a nonprofit organization dedicated to the advancement of zoos and aquariums in the areas of conservation, education, science and recreation. Yowie will undertake a product sampling program across the 229 AZA-accredited zoos and aquariums in the U.S over holidays and weekends commencing in August. The AZA SAFE vision and mission which is focused on saving endangered species in the wild is in perfect accord with Yowie's own mission to help 'Save the Natural World'.

In 2013, AZA-accredited institutions provided \$160 million in support of approximately 2,700 conservation projects in more than 115 countries. In 2014, the 228 zoos and aquariums accredited by AZA attracted more than 183 million visitors. Approximately 50 million visitors were children, making zoos and aquariums some of the best places for families to connect with nature and each other. In the last ten years, AZA accredited zoos and aquariums formally trained more than 400,000 teachers. School field trips annually connect more than 12 million students with the natural world.
