

## DIY Silly Putty

### What you will need:

- 1 4-ounce bottle all-purpose (non-washable) glue
- ¼ cup water
- 1 teaspoon Borax mixed with ¼ cup warm water

### Instructions:

1. Mix together the glue and water.
2. Dissolve the Borax in the warm water, then add to the glue mixture. Stir to combine.
3. When the glue begins to solidify, use your hands to continue mixing until it turns into a silly putty consistency.
4. Store putty in your Yowie egg to play with again and again.

## DIY Animal Terrarium

### What you will need:

- Small glass jar
- Kinetic sand
- Yowie collectibles

### Instructions:

1. Open the jar and add the sand to the bottom of the jar.
2. Place the Yowie collectible inside the jar and return the lid to the top.
3. Display your terrariums with all your favorite collectibles inside.
